Why wait? Start using this faster, easier way to solve your complex, repetitive or iterative problems now.

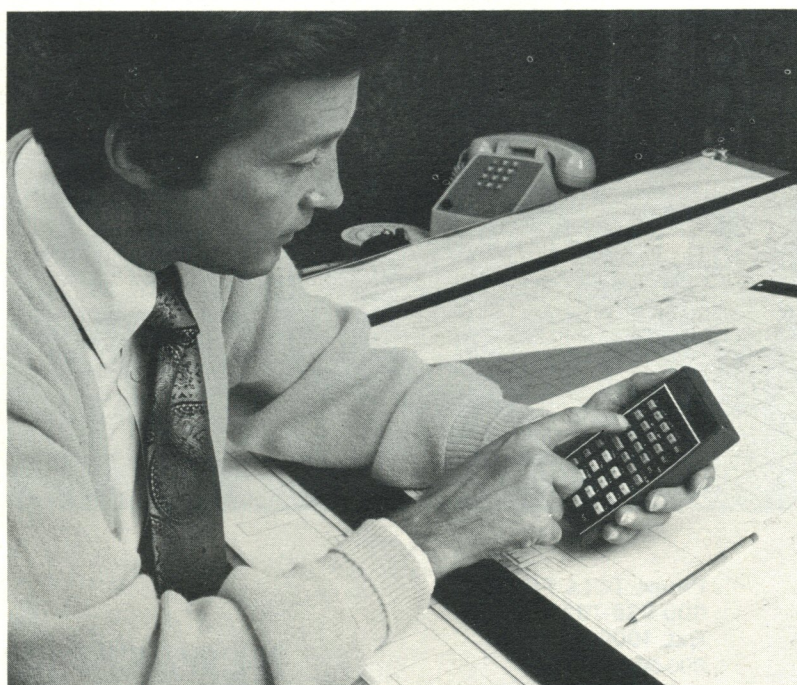

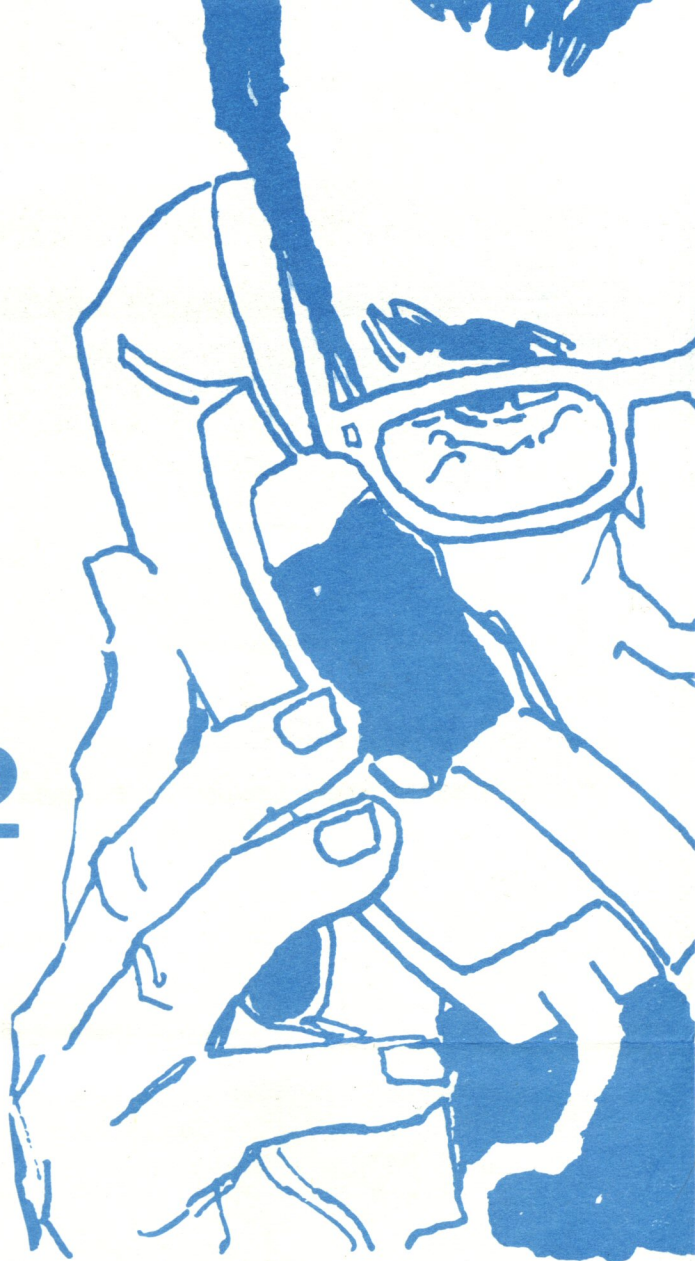

Just pick up your telephone and call us TOLL FREE, Monday through Friday between 8:30 and 5:00 P.S.T.

Then, simply request the HP-55 and say "charge it." We accept American Express, BankAmericard, Diners Club or Master Charge cards.

Give our customer service representative your name, address, city, ZIP code and telephone number, and the name, number, and expiration date of the credit card you wish to use. (If using Master Charge we'll need the 4-digit bank number appearing on the card just above your name.) It's that effortless.

If you don't care to use one of the above credit cards, just fill out and mail this order form in the postpaid envelope enclosed.

Either way, you'll receive the prompt service Hewlett-Packard is known for, and you'll have the most powerful (but easy to use) scientific pocket calculator ever made in your hands for immediate use.

**When ordering by phone, just "charge it" to your credit card.**
