HP SPRING ADDED VALUE DAYS!

April 1 thru May 31

An exciting added value when
you buy a Hewlett-Packard
calculator now.

Now's the time to move up to HP quality and performance.

During the Spring Added Value Days, Hewlett-Packard is adding a free \$20 Reserve Power Pack with the purchase of every HP-21, HP-22, HP-25, HP-25C, and HP-27. With this accessory you'll always have a fully charged battery pack on hand.

It's the best way we know to remind you of the added value you always receive when you buy an HP calculator—like free application books, uncompromising quality, efficient RPN logic system, and exceptional service. Each HP instrument is designed to be the finest of its kind in the world.

So don't delay. Purchase any of these five popular calculators before May 31 and receive a reserve power pack worth \$20 absolutely free! There's never been a better time to move up to HP quality and performance.

The HP-21 Scientific Pocket Calculator.

Extraordinary problem solving power—plus a free reserve power-pack—for only \$80.

The HP-22 Business Management Pocket Calculator.

An ideal combination of the financial, mathematical and statistical capabilities you need in modern business. Its 148-page Owner's

Handbook includes a valuable survey course in modern management problem-solving, analysis and planning. *Plus you get a free reserve power pack, all for only \$125.*

The HP-25 Scientific Programmable Pocket Calculator.

Solves repetitive problems of scientists, engineers, and students quickly and easily. Includes a free Applications Programs Book with over 50 programs in math, statistics, surveying, and finance. *Plus you get a free reserve power pack, all for only \$145.*

The HP-25C Scientific Programmable Pocket Calculator with Continuous Memory.

Retains your programs and saves your data—even when you turn it off. Includes an Applications Programs Book with 54 programs drawn from the areas of number theory, trigonometry, analytical geometry, statistics, finance, surveying and navigation. *Plus you get a free reserve power pack, all for only \$200.*

The HP-27 Financial/Statistical/Scientific Pocket Calculator.

Gives you everything from internal rate of return for 10 uneven cash flows to advanced statistical functions. Nearly half of the 216-page Owner's Handbook is devoted to practical applications in mathematics, statistics navigation, surveying and finance. *Plus you get a free reserve power pack, all for only \$175.*

Don't forget these other fine HP calculators.

Each of the following four Hewlett-Packard calculators also provide added value. Each calculator features an RPN logic system, uncompromising quality and exceptional service. Several include a free applications book.

The HP-67 Fully Programmable Pocket Calculator.

Provides the identical power of the HP-97 in the classic pocket size. The HP-67 was designed for those who do not require a printing capability. It also includes a Standard Applications Pac with 15 programs in various disciplines. All for only \$450.

The HP-97 Fully Programmable Printing Calculator.

Combines exceptional programming power—plus a battery-operated printer—all in one self-contained unit. Includes a Standard Applications Pac with 15 programs in various disciplines. All for only \$750.

The HP-80 Financial Pocket Calculator.

Features specialized functions including bond prices and yields, depreciation, and a 200-year calendar. Includes a free real estate applications book with keystroke sequences for dozens of financial calculations including annual percentage rate with balloon payments. All for only \$295.

The HP-91 Scientific Printing Calculator.

Provides you with a full range of scientific functions—complete with a printed record—all in one compact calculator. More than half of its 220-page Owner's Handbook is devoted to applications in math, statistics, finance, navigation, and surveying. **New low price: \$325.**

Two new products from Hewlett-Packard available now.

New DC Recharger/Adapter for all Hewlett-Packard Pocket Calculators. Lets you operate and recharge your calculator in cars, boats—wherever a 12-volt DC supply is available. Only \$35.

New Games Pac for the HP-67 and HP-97. 19 programs designed primarily for fun, but also useful in teaching principles of math, physics and logic. Only \$35.
