

The Hewlett-Packard calculator you've just purchased will serve you faithfully for many years. Whether you're a student or a seasoned professional, your HP calculator will help you solve the tough problems your work demands.

The Perfect Complement to a New HP Calculator

HP's Step-by-Step solutions books are the closest thing to having a custom calculator at your fingertips. These handy books offer a variety of examples and keystroke procedures to help you set up your calculations the way you need them.

Specific to a wide range of topics within science and engineering, these books will help you with precisely the problems you need to solve.

For the HP-22S:

*Science Student Applications
(00022-90034)*

- Solve mathematical problems in algebra, trigonometry and linear algebra.
- Perform common calculations in calculus and analytic geometry.
- Learn methods for solving problems in physics, chemistry, thermodynamics, statics and dynamics, and electrical fundamentals.
- Learn advanced equation-writing techniques.

For the HP-32S:

*Engineering Applications
(00032-90057)*

- Solve problems in electrical engineering: reactance chart, impedance of a ladder network, parallel RLC impedance, watts to Db conversion, and impedance matching.
- Perform mechanical engineering calculations: black body radiation, conduit flow, equations of motion, I-beam section properties and Soderberg's equation.
- Calculate civil engineering problems including Mohr's circle for stress, simple supported beams and field angle traverse.
- Perform statistics calculations of Chi-square, T statistics, F distribution and analysis of variance.

Elegant Leather Cases

Protect your new HP-22S or HP-32S in style with a handsome leather case.
