RE: HP-_____

Dear Customer,

Thank you for the opportunity to repair your Hewlett-Packard calculator. Unfortunately, because this product has not been manufactured for many years, parts required for service are no longer available to us. The possibility of obtaining parts from other sources as well as the feasibility of remanufacturing these parts was explored; however, these did not prove to be viable alternatives.

We extend our apologies for any frustrations that our inability to repair your calculator may cause and hope that our exchange program will somewhat compensate you for this inconvenience. The available models and their costs are listed on the back of this page.

A full, one-year warranty is furnished for products issued as exchanges. In the unlikely event that service is required during this period, a copy of the blue Customer Service Order enclosed with your new product will serve as your proof-of-purchase. To order any products or supplies not specifically listed on this form, please call (800) 538-8787 for ordering instructions.

To take advantage of this offer, please indicate your product choice(s) on the back of this page and complete ALL requested information and return this form to the address below. Exchanged calculators become the property of Hewlett-Packard and cannot be returned.
